“ I could not imagine there being a better wine for the beach than Vinho Verde. While the region does boast a wider range of styles than many realize, if I am heading to the beach, I am throwing a classic spritzzy style in my tote bag. - Tristan Pitre

Wine Spectator

There's plenty more to love about Vinho Verde. Here's why the region's wines deserve a spot in your wine fridge.

“When the average wine drinker thinks of Portugal’s Vinho Verde wine region, they perhaps imagine lush green landscapes and crisp, refreshing summertime wine. But the region is so much more than that. After a recent visit, I’m convinced it produces some of the most underrated wines in the world.

- Jeff Harding

“The landscape is one of undulating, verdant hillsides with two rivers flowing throughout (the Minho and the Lima) and diverse microclimates that allow for unique, varied wines—not all of which are the fizzy style you might expect.

Nicole Kliest

Comissão de Viticultura da Região dos Vinhos Verdes (CVRV) is proud to announce that out of the 26 wines submitted, the region earned 15 TEXSOM awards; 2 Gold, 5 Silver, and 8 Bronze Medals. Below, please find a detailed list of the wines that received these awards.

The TEXSOM Awards accepted over 2,356 entries and were judged by 42 top industry members. Of the entries judged, the judges awarded 1,677 medals: 19 Judges' Selection medals, 76 Platinum medals, 233 Gold medals, 676 Silver medals, and 673 Bronze medals.

The Vinho Verde region consists of 9 sub-regions, on over 17,000 HA of vineyards. The region is the largest in Portugal by total area, with 96,372 million liters produced in 2022 and more than 100 export markets. These wines are created with a modern and sustainable winemaking process that has adapted to the changing climate and world.

Vinho Verde's dedication to sustainability and production is shown in two styles. One style showcases a classic profile: young, light, fresh and with low alcohol. The other holds a more structured profile, revealing more body, complexity, aromatic intensity, and persistence. Vinho Verde lies slightly above sea level, with the Atlantic Ocean to the West and mountain ranges on the East and South, creating more Mediterranean characteristics.

Gold Medal Awards

- A&D Wines, Monólogo, Arinto, Santa Teresa, Vinho Verde DOC, Baião, 2022, Gold Medal
- Quinta da Raza, Alvarinho, Vinho Verde DOC, 2022, Gold Medal

Standing beneath the high trellised vines at Soalheiro in Portugal's Vinho Verde region ANN ABEL

“Global wine lovers know the Douro Valley. Often they know the Alentejo too now. But there’s much more to Portugal, starting with the region that’s the biggest in the country, one of the most beautiful and also probably the most misunderstood.”

Ann Abel
Forbes

- 
- A glass of wine is shown from a top-down perspective, resting on a lush, green mossy surface. The glass is filled with a light-colored wine, and the moss is vibrant and textured. The background is dark, making the green moss and the clear glass stand out.
